2010 CONSTRUCTOR AWARDS

AGC Congratulates the Constructor Award Winners

On April 10, 2010, AGC of California members and guests attended the Annual Constructor Awards Dinner held at the Fairmont Hotel in San Francisco. The sold out prestigious black tie event celebrated the construction industry's accomplishments. This year's major sponsors of the event were McGraw-Hill Construction and SeaBright Insurance Company.

The Constructor Awards allows members to share achievements with others and to show the community the outstanding construction projects that AGC members build. All are single contributions made by contractors to further the goal of enhancing and improving the quality of life for all Californians.

The Constructor Awards Finalists and the six winning projects were honored throughout the evening. AGC also presented its annual Achievement Awards, and honored David Higgins, Sr., of Harbison-Mahony-Higgins Builders, Inc. as the recipient of the Contractor Achievement Award.

AGC Congratulates the Constructor [Award Finalists](#) and Winners!
